

RUC Ride

As the one operating the vehicle, "Create trip" allows you to specify the number of available seats for rider hitchers on your ride, as well as choosing the of departure and your destination. Ride hitchers will be able to see this on their menu as a destination marker.

Nu er din tur oprettet lænd dig tilbage og vent på at folk hopper på.

Create trip

The "Hitch a ride" feature allows you the ruc student to board a ride, created by a fellow RUC student to the desired destination, or get as close as possible to it, by simply tapping one of the many scattered destinations on the map.

Hitch a ride

Der kan være 4 antal personer, som kører klokken 12:30

SCAN ME

What's in store for version 2.0

- + Better organized database
- + More intuitive design
- + The tip Jar: Hitchers can tip their driver
- + Users can log in via their facebook or google account

The database is the brain behind the whole operation, storing the information received by both "Trippers" and "Hitchers", allowing the flow of information to be sent and received at the right time and the right place.
